Pan American Waterski Olympic Festival

The Pan American Water Ski Confederation is pleased to announce the hosting of a Waterski and Wakeboard competition as part of the Pan American Olympic Festival being organized by PASO/ODEPA.

The event is scheduled to take place on July 16-20, 2014 at the competition site known as “*Acuaski*” located in Morelos Mexico, near Mexico City. This excellent venue has previously hosted Pan American Championships. For the Festival we will include competition in the traditional waterski events of slalom, trick, jump and overall, as well as wakeboarding, for both male and female competitors. In addition development clinics for the training of coaches and officials will also be presented.

PASO/ODEPA will communicate the details of funding to support the participation of the athletes, officials and coaches. This will include travel and accommodation for participants to be funded by PASO and will be coordinated between PASO/ODEPA and your NOC.

We look forward to each National Olympic Committee entering athletes and supporting coaches and officials according to the qualifications which will be available soon. This Confederation will be developing criteria and athlete allocation very soon and will communicate them to you. National Federations are expected to work with their respective NOC to coordinate participant selection and travel arrangements.

While this event is not a qualifying event for our sport of the 2015 Pan Am Games, it is nevertheless an important and valuable competitive and development opportunity for athletes, officials and coaches.

If there are any questions specific to this event, please contact either of the following:
